### APPLY FOR SCHOLARSHIPS ONLINE

1. Login at [scholarships.mst.edu](http://scholarships.mst.edu) with your Joe'SS username and password. **(You must have been admitted to the university and let 1 business day elapse prior to using AcademicWorks, and you must have already activated your S&T email account.)**
2. Fill out the general scholarship application. AcademicWorks will search our database of awards and recommend scholarships you may be eligible to apply for. Some you will be automatically entered into the applicant pool, others you may need to answer additional questions.
3. Continue to check the system as new scholarships become available periodically, also browse our "external" scholarship list that provides convenient direct links to outside scholarship websites, make sure to use the "search" option to narrow your search by major, level in school, etc. as the system does not "recommend" specific external scholarships
